## Testing Tips for Parents

- 1. Make sure your child gets plenty of rest the night before the test.**
- 2. On the morning of the test, your child needs to get up in plenty of time so he/she won't feel rushed.**
- 3. Feed your child a good breakfast. Research shows that children do better on tests if they have had a good breakfast.**
- 4. Do as much as you can to make your child feel comfortable. Try not to say things to make him/her feel more nervous.**
- 5. Reassure your child that no matter the outcome of the test you will still love him/her. Encourage them to simply do their best.**
- 6. Take an active role in your child's education throughout the school year. Let your child know you are interested in his/her learning by taking part in the entire process.**
- 7. When the scores are sent to you, talk to your child's teacher and/or principal. This will help you to understand them more clearly.**
- 8. Give your child praise even if he or she didn't do well on the test.**
