Social Studies Instructional Materials Adoption

The St. Johns County School District has begun the review process for the Social Studies Instructional Materials Adoption. Once available for review, the digital resources will be posted [here](https://www.stjohns.k12.fl.us/media/textbooks/adoption/) (<https://www.stjohns.k12.fl.us/media/textbooks/adoption/>) and available for review. The core resources that have been submitted for evaluation were selected from the state adoption consideration lists when available. Additional resources for advanced programs may be reviewed from materials listed as appropriate for the program indicated.

Some print materials may be available for review. If you would like access to the available printed materials or require assistance reviewing the online resources, please call the Instructional Resources and Media Services office at 904-547-3947. Materials are available for review from 8:30 AM - 4:00 PM when district offices are open.

We encourage parent and community participation in our adoption process. If you would like to serve on a school committee and formally review the resources as a part of the school review team, please Christi Thomas at 904-547-7830 by April 21, 2023. Committee membership is limited. School administrators will select the appropriate number of reviewers from the list of interested participants.

Testing Tips for Parents

Preparing a student for a Testing Session - For Parents

1. Make sure your child gets an ample, normal amount of sleep the night before the test
2. Mark testing days on your calendar to help remind you and your child when the testing will take place and plan your preparations.
3. The student should eat a nutritious and filling breakfast. Avoid high sugar cereals which can make the student hyper and/or unfocused.
4. Make sure the student is on time (if not early) on the day of testing
5. Set a backup alarm to avoid the possibility of oversleeping
6. If your child is sick please contact the school immediately to inform them.

Working with Students who are anxious about testing - For Parents

1. Try not to put too much pressure on the student. Reinforce that as long as they worked hard in preparation and did their absolute best you will be proud of them.
2. Have the child visualize success. Encourage them to rehearse what it will feel like to get a good score on the test.
3. Try to use positive language when talking about expectations of the test. Do not overinflate the student's expectations but also try to avoid negative wording (e.g. replace "you are going to fail this test if you don't study" with "if you don't study you aren't going to pass this test.")
4. Plan for a fun outing or treat for your child after the test has been completed.
5. Keep a positive attitude about testing in general around your child and emphasize their ability to demonstrate what they have learned rather than the consequences of not passing.

Dear Parent/Guardian,

The **Florida Assessment of Student Thinking (FAST)** is a progress monitoring system that is administered three times per year to track your student's progress in learning the Benchmarks of Excellent Student Thinking (B.E.S.T.) Standards throughout this school year. The purpose of this letter is to inform you that your student will participate in the third administration (PM3) of the Grades 3rd – 5th Florida Assessment of Student Thinking (FAST) Reading and Mathematics assessments on May 1 – May 16. The results from PM3 will show how well your student has mastered the grade level content standards, and you will be provided with information about how to access the results after testing is completed.

Your student's FAST assessments are computer-adaptive tests taken on a computer or tablet. The questions get less or more difficult depending on how a student responds, and each student will see different questions from a common item bank. Each test attempt (PM1, PM2, and PM3) will present items that cover the entire test "blueprint," meaning students will encounter items representative of the standards within the subject or grade level. For more information on the test design, please visit <https://www.fldoe.org/accountability/assessments/k-12-student-assessment/best/>. If you or your student would like to interact with the online testing platform or review FAST Reading and Mathematics sample items at home, sample test materials are available at <https://flfast.org/families.html>.

5/1 – 3 rd Grade Reading	5/15 – 4 th Grade Reading: Gallagher, Smolek
5/2 – 3 rd Grade Math	5 th Grade Science
5/3 – 5/5 3 rd Grade Make Ups	5/16 – 4 th Grade Math: Gallagher, Smolek
5/8 – 5 th Grade Reading	5 th Grade Science
5/9 – 5 th Grade Math	5/17 – 5/19 Make Ups
5/10 – Make Ups	5/22 – 5/25 Make Ups
5/11 – 4 th Grade Reading: Kennelly, Allen, Zaletel	
5/12 – 4 th Grade Math: Kennelly, Allen, Zaletel	

Please review the following policies with your student before testing:

- **Electronic Devices**—Students are not permitted to have any electronic devices, including, but not limited to, cell phones, smartphones, and smartwatches, at any time during testing **or** during breaks (e.g., restroom), **even if the devices are turned off or students do not use them**. If your student is found with an electronic device or is found using Bluetooth/wireless headphones/earbuds during testing, his or her test will be invalidated.
- **Calculator Policy**—For Grades 7–8 FAST Mathematics assessments, approved handheld scientific calculators may be used. For Grade 6 FAST Mathematics, a handheld four-function calculator may be used.
- **Testing Rules Acknowledgment**—All tests include a Testing Rules Acknowledgment that reads: "I understand the testing rules that were just read to me. If I do not follow these rules, my test score may be invalidated." Prior to testing, test administrators read the rules to students, and students acknowledge that they understand the testing rules by clicking the box in the secure browser indicating they understand the testing rules.

- **Discussing Test Content after Testing**—The last portion of the testing rules read to students before they click the box to accept the Testing Rules Acknowledgment states that because the content of all statewide assessments is secure, students may not discuss or reveal details about the test content (including test items and passages) after the test. This includes any type of electronic communication, such as texting, emailing, or posting to social media sites. Please make sure your student understands this policy prior to testing and remind them that “discussing” test content includes any kind of electronic communication, such as texting, emailing, posting to social media, or sharing online. **While students may not share information about secure test content after testing, this policy is not intended to prevent students from discussing their testing experiences with their parents/families.**
- **Working Independently**—Students are responsible for doing their own work during the test and for protecting their answers from being seen by others. If students are caught cheating during testing, their tests will be invalidated.
- **Leaving Campus**—If your student leaves campus before completing a test (e.g., for lunch, an appointment), he or she **will not** be allowed to return to that test. If your student does not feel well on the day of testing, it may be best for him or her to wait and be tested on a make-up day. Please remember not to schedule appointments on testing days.
- **Testing Accommodations**—If your student has an Individual Education Plan (IEP), a Section 504 Plan, or is an English Language Learner (ELL) or a recently exited ELL, please contact the school to discuss the testing accommodations that will be provided for your student.

If you have any questions related to this test administration, you may contact:

ILLNESS GUIDELINES

Health Services

Deciding when to keep your child home from school can be difficult. When a child is sick and needs to stay at home, parents should contact the school and describe the illness and symptoms. If a medical provider makes a specific diagnosis (such as strep throat, conjunctivitis, chicken pox, etc.), let school staff know.

There are several reasons to keep (exclude) sick children from school:

1. The child does not feel well enough to participate comfortably in usual activities, such as with extreme signs of tiredness or fatigue, unexplained irritability or persistent crying.
2. The child requires more care than the school staff is able to provide without affecting the health and safety of the other children.
3. The illness is on the list of symptoms or illness for which exclusion is recommended.
4. The child is not vaccinated due to medical or religious reasons and there is an outbreak in the school.

The following list gives guidelines and recommendations for exclusion from school due to illness. Children with minor illness need not be excluded unless one or more of the following exists.

ILLNESS OR SYMPTOMS	EXCLUSION IS NECESSARY
Chicken Pox	Yes – Until blisters have dried and crusted (usually 6 days).
Conjunctivitis (pink eye) (pink or red eyes with thick mucous or pus draining from the eye)	Yes – May return 24 hours after treatment begins. If your health provider decides not to treat your child, a note is needed.
Coughing (severe, uncontrolled coughing or wheezing, rapid or difficulty in breathing)	Yes – Medical attention may be necessary. NOTE: Children with asthma may be cared for in school with a written health care plan and authorization for medication/treatment.
Coxsackie Virus (Hand, foot and mouth disease)	No – May attend if able to participate in school activities, unless the child has mouth sores and is drooling.
Diarrhea (frequent, loose or watery stools not caused by diet or medication)	Yes – if child looks or acts ill; diarrhea with vomiting; diarrhea that is not contained in the toilet.
Fever with behavior changes or illness <u>Fever</u> is an elevation of body temperature above normal.	Yes – when fever is elevated above 100.4° and is accompanied by behavior changes or other symptoms of illness, such as fatigue, rash, sore throat, upper respiratory symptoms, vomiting, diarrhea, etc. Must remain at home for at least 24 hours or until all symptoms subside medication free.
Fifth Disease	No – child is no longer contagious once rash illness appears.
Head Lice	Yes – May return after treatment and removal of all live lice and nits from hair.
Hepatitis A	Yes - Until 1 week after onset of illness or jaundice and when able to participate in school activities.
Herpes	Yes – if area is oozing and cannot be covered, e.g.,

	mouth sores. Otherwise, may return to school.
Impetigo/Staph/MRSA	Yes – May return 24 hours after treatment starts. Wound must be covered with dressing taped on all 4 sides.
Body Rash <u>with</u> fever	Yes – Seek medical advice. Any rash that spreads quickly, has open, weeping wounds and/or is not healing should be evaluated. May return to school when medical provider determines that illness is not communicable.
Mild Cold Symptoms (stuffy nose with clear drainage, sneezing, mild cough)	No – May attend if well enough to participate in school activities.
Upper Respiratory Complications - large amount of thick nasal discharge - extreme sleepiness - ear pain - fever (100° or above orally)	Yes – Seek medical advice. May return when symptoms are improved.
Ringworm	Yes – May return after treatment begins. Area should be covered while in school for the first 48 hours of treatment.
Roseola	No – Unless child cannot participate in usual activities and has fever.
Scabies	Yes – May return after treatment is started with note from medical provider.
Strep Throat	Yes – May return after 24 hours of antibiotic treatment and no fever for 24 hours.
Vaccine Preventable Diseases (mumps, measles, whooping cough)	Yes – Until judged not infectious by a medical provider. Report all cases to Health Services Coordinator.
Vomiting (2 or more episodes in the past 24 hrs)	Yes – until vomiting resolves or health care provider determines that cause is not communicable. Note: Observe for other signs of illness and for dehydration.

Mission

Our professional learning community at John A. Crookshank Elementary School is dedicated to the development of students' academic, social, and emotional well-being. We will plan purposeful lessons and instruct standards using best practices, so all students are equipped with the growth mindset skills necessary to address and overcome challenges they may face in their future.

Vision

John A. Crookshank Elementary School faculty and staff members believe working together, we all succeed.
